

# *Pacific Central UU Women and Religion Spring 2026 Retreat*

**Friday February 27- Sunday March 1, 2026**  
Enchanted Hills Camp, Napa, California

We return to Enchanted Hills in the redwoods west of Napa, CA—now completely renovated and more enchanting than ever. Workshops include music, art and dance; nature walks through the redwoods, and more.

*Inclusion: We believe that trans women are women, without exception. We believe that gender-expansive, nonbinary, or two-spirit people who feel most comfortable in/identify with women's spaces should be welcomed and included in our work. When we say women+, we include these people.*

UU Women and Religion was brought into being at the 1977 UU General Assembly, focusing on ending patriarchy in our denomination.
