

UU Women and Religion of the Pacific Central District

Spring Retreat!

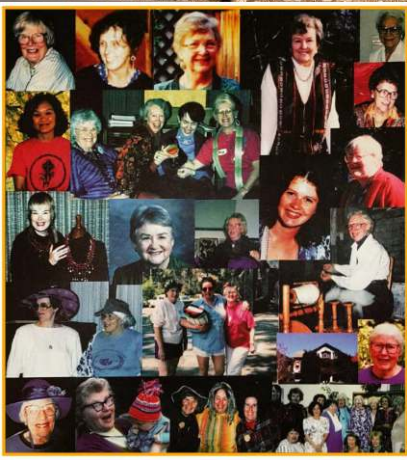

Resilience:

finding joy and purpose in challenging times

**Friday March 7- Sun March 9, 2025
Enchanted Hills, Napa, California**

We return to Enchanted Hills in the redwoods west of Napa, CA—now completely renovated and more enchanting than ever. “Joy” workshops could include music, art and dance; nature walks through the redwoods, a joyful book group, and other attendee offerings. Resilience through purpose workshops will focus on twenty-first century feminism, climate change, aging, and how we will weather the future.

*UU Women and Religion was brought into being at the 1977 UU General Assembly, focusing on ending patriarchy in our denomination. **Who May Attend:** All our W&R retreats are open only to those who identify as women. Husbands who identify as men and children, though beloved and supportive, must remain at home.*
